Parent Training Sessions and Workshops - Visuals as Timetables

Dear Parents/carers

We are planning to run some sessions around the use of symbols and visuals at home as a form of timetable. This may be to show your child what is happening during the day/evening or to support you to direct your child to particular events or activities or even to show them at what point they can have access to certain motivational items/activities.

Our aim would be to hold one training session and then two workshop style sessions, one to continue further discussion and to make resources and one as a catch up to share how you have found implementing this strategy at home.

The dates are as follows:

Tuesday 24th March - 11.00 a.m – 1.00 p.m

Wednesday 1st April – 11.00 a.m – 1.00 p.m

We can then decide as a group, when would be the best time for our catch up session after the Easter holidays.

Please let me know if you would like to attend these sessions so we have an idea of numbers. If you would be interested but are unable to make these dates, please circle/tick this option, as we may be able to arrange another block of training on alternative dates.

I look forward to seeing you at the sessions.
